1. This Office action is in response to the IDS and amendment filed 3/15/04 and refers to the telephonic interview of 4/14/04.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims: in claim 1, third line from the end, delete "be"; in the fourth line from the end, insert --least-- after "at".

In claim 28, l. 5, change "may be" to --is--; in l. 5 from the end insert --least-- after "at".

In claim 29, at the end of the claim insert --wherein R' has the same definition as R."

3. Authorization for this examiner's amendment was given in a telephone interview with Kevin Faulkner, Esq., on 4/14/04.

4. The following is an examiner's statement of reasons for allowance: the above examiner's amendments along with those in the applicant's amendment of 3/15/04 overcome the remaining formal rejections against the present claims. None of the prior art disclosing cyclopropyl groups pi bonded to transition metals fairly discloses or teaches that these compounds may be activated toward olefin polymerization via reaction with an ionic compound that converts the transition metal compound to a cationic species.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
